WILLAMAETTE MANAGEMENT ASSOCIATES THOUGHT LEADERS RELOCATE PORTLAND OFFICE

Portland, OR (November 2020) – To better serve its national and international clients and to accommodate the accelerated expansion of its regional practice, Willamette Management Associates has relocated its Portland office to the 19th floor of the U.S. Bancorp Tower in downtown Portland. Our new address is shown above.

The U.S. Bancorp Tower is the largest building in Oregon by volume, and in October 2019 was awarded the Leadership in Energy and Environmental Design (LEED) Platinum certification for environmental sustainability by the U.S. Green Building Council.

Willamette Management Associates is one of the oldest independent valuation consulting, economic analysis, and financial advisory firms in the United States. The firm has maintained its west coast regional office in Portland, since the firm was founded in 1969.

Willamette Management Associates is recognized for its thought leadership in the disciplines of business valuation, forensic analysis, and transaction financial advisory services. Its professional services include: business valuations, intellectual property valuations and royalty rate analyses, forensic analysis and testifying expert services, transaction fairness opinions and solvency opinions, lost profits and economic damages analyses, not-for-profit entity valuations and private inurement opinions, transaction financial advisory and due diligence services, and ESOP sponsor company valuation and transaction opinions.

This move will allow Willamette Management Associates to better serve its clients on the West Coast and in the Asia-Pacific region as individuals become more comfortable doing business in person—once the COVID-19 pandemic slows. In the meantime, Willamette Management Associates has established protocols for working with clients remotely by utilizing cutting-edge collaboration software and technology.

From its regional office in Portland, the firm serves multinational public corporations, substantial private companies, financial institutions, legal counsel, and government and regulatory agencies. The Portland office practice is focused on property-tax-related valuations, fair value measurement and financial accounting valuations, ERISA and ESOP-related transactions, wealth transfer valuations, forensic accounting and damages measurement analyses, tax-exempt entity transaction opinions, and health care industry valuations.

For more information on our services, contact John Ramirez, Portland office managing director. John may be reached at 503-243-7506 or at jcramirez@willamette.com.
